ANOTHER BEAUTIFUL PROPERTY BROCHURE

A4 4 PAGE, SHORT EDGE FOLD BROCHURE ON 350GSM SILK

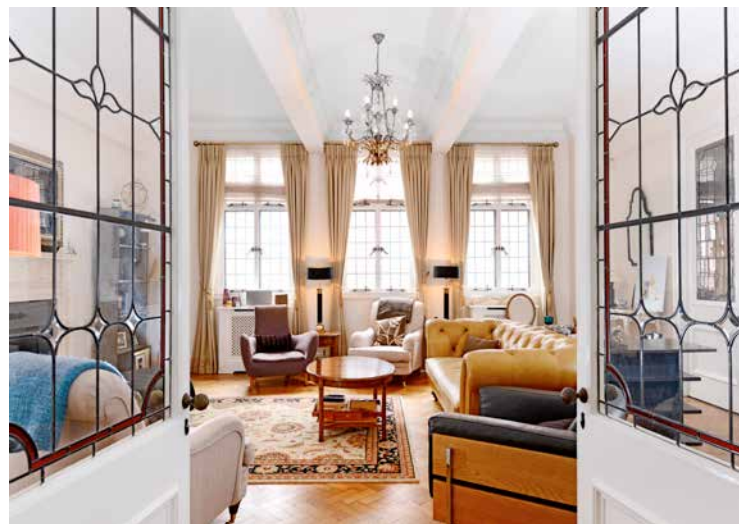

Thanks to Niche Communication's iGen IV presses, it is possible to print and finish property brochures on the short edge (like this one you are holding now). Not only does this format really stand out from your everyday portrait brochures most agents have, it fits perfectly with the proportions of your photography, meaning you can really show off your vendor's houses!

As well as our iGens being brilliant for this format, the fact they print digitally, means

your wait to receive your brochures is as short as possible. Most of our print orders are dispatched within two working days, using signed for, tracked couriers.

We have a range of different paper stocks and finishes to choose from, including gloss and matt lamination. For pricing information please refer to the latest price list.

Feel free to talk to us about other options, call us on 0118 977 0690 today.
